

Journey to 100 Years

In 2026, the United Way of Monroe/Lenawee Counties celebrates 100 years of service. That's 100 years of helping people. And 100 years of addressing the human services needs of our community. Starting out as a *"Three for One Campaign"* in 1926, we raised funds for the American Red Cross, Salvation Army and Boy Scouts. Through the years, the name of our organization changed while the number of non-profit organizations we have supported continued to grow. Now we provide funding for more than 35 agency programs in Monroe and Lenawee Counties.

Over the years, our mission primarily targeted funding in Health, Education and Financial Stability areas. We also earned a reputation as a convening space to discuss community issues such as hunger, homelessness, physical health, substance use disorders, mental health, domestic violence, aging and youth needs, and more. We have collaborated with many community partners in the past 100 years to address the community impact of these complex needs and issues. We look forward to the next century of continuing to meet important human services needs!

Currently, we fund programs for these agencies:

- American Red Cross
- Area Agency on Aging - Region 2
- Associated Charities of Lenawee County
- Bedford Senior Center
- Boys & Girls Club of Lenawee
- Boy Scouts of America, MCC Southern Shores
